

The Owingsville Outlook.

VOL. XX.

OWINGSVILLE, KENTUCKY, THURSDAY, AUGUST 11, 1898.

NO. 3.

Notice to Taxpayers.

The taxpayers of Bath county are hereby notified that the tax for the year 1898 has been made out and placed in my hands. You are therefore notified to call at my office and settle.

J. M. ATCHISON, S. B. C.

100 Mules, Horse Colts and Yearlings wanted. Will be at Owingsville Monday, Aug. 15. Bring in your mules and get the cash.

MILTON KINDIG.

From some cause the mail wagon from Hillsboro failed to get in on Tuesday.

Miss Nina Hazelrigg entertained a number of her young friends Tuesday night.

Tobacco sticks for sale at BROTHEN & GOODPASTER'S.

Louisville Weekly Dispatch and the Outlook one year for \$1.30 cash in advance.

John D. McIntyre has rented the Springs House and will take possession next week.

Great reduction for cash in Lawn and Dimity while it lasts at Mrs. Estill's.

Hon. Samuel J. Pugh will speak at the G. A. R. reunion at Salt Lick Aug. 26th.

A. S. Thomas has furnished the Thomas Clark Post, G. A. R., with regulation uniforms.

Well, Dickinson is still taking photos at Owingsville. Patronize him and induce him to return.

Monday, Frank B. Allen sold 20 feeding steers to N. N. Bird, of Montgomery county, at \$4.25 for October delivery.

The White Sulphur Band has rented the booth privileges of the Thomas Clark Post, G. A. R., at their reunion this fall.

Come early and get choice of those nice Lawns at Salt Lick Aug. 26th.

A protracted meeting conducted by Elder H. N. Ruchert, of Louisville, will be held here at the Christian Church commencing Sept. 12.

This bids fair to become memorable as the rainy summer. The contrast with last summer is striking. Then the worst drought ever known prevailed.

IMPORTANT NOTICE.—In order to close up my old business, I desire all who are indebted to me to call and settle at once. R. T. GALT.

CATTLE SALES.—Friedrich of J. Carroll Hamilton, of Flat Creek, of W. T. Warner, near Owingsville, one feeding cattle—25 at \$1.00 and 16 at 40c—to be taken the first half of October.

Gardens and corn crops are simply immense. The fall grass promises to be of unexcelled luxuriance. Farmers will want stock to feed on their big corn and grass crops. All kinds of cattle are advancing.

Well, Dickinson photos in Platino Carbon effect are beautiful and at prices that should keep him busy.

A Good Wildcat Now.—Tom Daugherty's wildcat is a "short dead one." A party of sports last Thursday afternoon witnessed the catastrophe down some one's on W. street. J. M. Atchison's big dog, formerly owned by Dr. Feland, was the agent of destruction to his wildcat. The contest was short. The canine landed on the feline's solar plexus, or something of the sort, and the feline went where dead wildcats go.

Where are our "country cousins?" Have they not learned that Well, Dickinson is making fine photos here? Come in and see him.

BROKE HIS LEG.—Wednesday of last week, David Hendrix, a prosperous and esteemed citizen of East Fork of Flat Creek, was on horseback driving another horse out of his pasture. The driven horse kicked and broke both bones of Mr. Hendrix's leg just below the knee. It is hoped by his friends that he will have no prolonged confinement from his injury.

I want to clear out all the Lawns and Dimities in my store and will give bargains in any of them they last for cash. Mrs. ESTILL.

WILL PROBATE.—The will of O. H. P. Park was probated Monday. He bequeathed his home farm of 300 acres and the 75-acre tract bought of J. W. Fassett and J. A. Wright to his wife her life time and the remainder of his large estate equally to his children, Emmet and Mrs. Mark Donaldson, who are made executors.

Owingsville needs a good photographer and Well, Dickinson is just the man. Why not with a liberal patronage induce him to divide time with us and Flemingburg?

RAISING MOONSHINERS.—Deputy U. S. Marshal Press Jackson, with headquarters now at Mt. Sterling, with Howard Wilson made a raid last week and captured a moonshine still near Bowen, Powell county. The operator fled, leaving fire burning under the still, 10 gallons of singlings, 500 gallons of beer, 15 bushels of meal and 10 tubs.

All who have claims against the estate of J. W. Cook, deceased, will please file same by Sept. 1st, 1898. R. T. GALT, Adm'r.

CORNER DAY.—The attendance at Court Monday was of fair size. Trade with the merchants is reported from fair to very good. The banks did much business. Some 225 cattle were offered and mostly sold at good to strong prices. There was a big inquiry for feeding cattle by buyers from other counties. J. Carroll Hamilton, of Flat Creek, bought some 880-lb. feeders at \$1.25. Riley Chandler, of Upper Prickly Ash, sold 52 cattle at very satisfactory prices. Some sows and shoats sold at better prices than they have been bringing recently.

CORN MEAL.—I have bought Clark Croun's corn mill in town. Regular grinding days are Friday and Saturday. Meal exchanged for corn at any time my customers bring it. S. P. ATCHISON.

THE SICK.—Louis Slesser is about holding his own, a very little change in his condition.

Miss Lou Ramsey is not any better.

Jeff Horseman is convalescing and without a relapse will be out in a few days.

On Prickly Ash, Miss Elva Cuyler is a little better, if there is any difference. Mrs. W. J. Honaker is able to stir about. John E. Fleming is a very great sufferer. Dr. J. B. Taulbee, of Mt. Sterling, Dr. J. H. Taulbee, of Owingsville, and Dr. J. M. Feland, of Reynoldsville, performed a surgical operation on him Sunday. It is feared that it will be necessary to amputate his leg.

St. Manley, of Upper Prickly Ash, was very bad Tuesday morning.

We are manufacturing Brick and Draining Tile. You can get any quality you desire. Your trade is solicited.

GEORGE CHAP & SON, Salt Lick, Ky.

CONGRESSIONAL RACE.—James N. Kehoe, of Mason county, received the instructions Saturday at the 9th district Democratic county convention of Mason 17, Fleming 10, Bracken 9, Lewis 7 and Robert 3; total, 42.

Walker Sharp, of Bath; Bath 9, Rawan 2, Nicholas 9 (though contested) and second instructions of Lawrence's 9; total 30.

Northeast Williams, of Boyd; Boyd 6 and first instructions of Lawrence's 9; total 15.

Carter instructed for Frank Powers; Harrison is competing, not instructing her delegates, though they are conceded for Sharp. Croon up is for Cole. There are 183 votes, 51 being necessary for a nomination. The convention met at Cynthia Wednesday. Sharp will likely get Carter.

PREPARED TO BREAK HORSES.—Having a 3/4 mile track we are prepared to break horses to ride or drive. Prices very reasonable. Satisfaction guaranteed.

F. M. BEASLEY & BRO., Olympia, Ky.

POISONED BY TOADSTOOL.—Last Friday Harlan Shroat, who works with his brother Frank on Henry and Pence Ewing's farm, east of town, on his way to the house for dinner picked up a fungus, that he took to be a mushroom, and ate a bite of it. After dinner on his return to work he became very sick and vomited. Not getting any better Frank came to town and took Dr. Taulbee, who emptied the sick man's stomach with a stomach pump and gave him some relief. People can't be too cautious in regard to mushrooms. If not positive that a fungus is edible it is far best to let it alone. There are many poisonous varieties of fungus and they are as deadly as arsenic.

T. S. Shroat will not be under-sold: Hardwood Bedsteads, \$1.00; Hardwood Saws, \$2.50; 3-lb. Cane-seed Penitentiary Chairs, 55c; Ladies' Oak Sewing Rockers, \$1.10; Bed-springs, \$2; Cotton-top Mattresses, \$2.50; Extension Tables 60c per foot; Solid Oak Dressers, \$7.50. Everything else in proportion. Cash or credit. 5 per cent off for cash.

THE OLDEST UNDERTAKER.—The Sunnyside, an undertaker's journal of New York City, has offered a gold-headed cane as a prize to the undertaker in the United States who is still a practicing undertaker and can furnish satisfactory evidence that he conducted a funeral as practising undertaker at an earlier date than any other undertaker still actively engaged in the business in this nation.

Mr. Charles H. Hoon, of this town, will be a formidable competitor if he chooses to enter the contest. Mr. Hoon is now in his seventy-ninth year, and, if activity, ambition and enjoyment of sports and diversions are indications, promises to become a centenarian at least. He began as an apprentice in Pittsburgh, Pa., in 1826. He first engaged in the undertaking business for himself at Paris, Ky., in 1842 and followed the occupation there for six years. He then came to Mt. Sterling and conducted the business five years. From there he came to Owingsville, where he has practised his calling continuously for the past forty-eight years excepting three years service as soldier in the Confederate army, a total experience in the same business of fifty-nine years. He is still pushing his business and planning ahead like a young man, which he still is in spirit anyway.

I will take a few pupils to teach at my residence this fall. Date of school opening given later.

Mrs. ALEXANDER CUNNER.

WILLIAMSON.—On the morning of Aug. 3d, 1898, near the quiet little village of Preston, Bath county, Ky., Wm. Williamson, aged 66, passed from his home on earth to that peaceful rest prepared for all who obey the commands of the blessed Master. His illness of only four weeks was borne with the same sweet endurance which characterized the life of one who had lived accordingly. Deceased leaves a wife and eight children, one brother (Mr. Jim Williamson, of this county), one sister (Mrs. Geo. Robison, who lives near Canaan, Montgomery county) and a host of friends, who sadly yet hopefully mourn his loss. Funeral at his home by Rev. Crounch. Remains laid to rest in the family burying ground Aug. 4th.

A precious one from us is gone: A voice we loved is still; A place is vacant in our home Which never can be filled.

S. C. S.

INTERVIEW.—Two cases that the people were very much interested in were tried in the County Court here Tuesday. Wm. McGray, of Bourbon county, and Jacob F. Trimbo, of Montgomery county, were brought before the Court by the County Attorney on a charge that they had violated the law. They both own land in this county and had it assessed by their agents and also paid the taxes regularly. It seems that there is a law requiring non-residents to file each year with the county clerk the number of acres they own and a statement as to whose property it adjoins. It is presumed that the intention of the law is to protect counties from being imposed upon by non-resident owners of mineral and timber lands in the mountain counties. But in this case the assessors regularly and paid their taxes and did not try to defraud any one. Judge Ramsey promptly threw the cases out of Court, which was just and right.

SOLDIER BOYS WRITE.—The following letters have been received by the Outlook from two members of Co. F, 2d Ky. Reg. V. L., at Chickamauga Park, postoffice Lytle, Ga.

"We are having plenty of rain, and the ground is awfully muddy. The boys have a muddy tramp drilling. But they are glad of the immense rains, as it was dusty before they fell. The temperature has been made cooler by them, and the sick are improving."

There are about 360 cases of typhoid fever in the division hospital, and 75 to 100 cases of measles. Co. F has 26 cases of measles. They are all improving and will be ready for duty, I think, in a few days. Only one member of our company has died since we left Lexington. Jesse Tandy, of Lebanon, where Co. F was organized. The 2d Ky. has been lucky so far.

"It was understood here Aug. 1st that Spain had accepted Uncle Sam's terms of peace. If true the

2d Ky. will not likely see any actual fighting service. The regiment is pretty well drilled and I think it would put up a good battle. I would like to go to Cuba and see where some of the battles have been fought, even if I didn't have a scrap myself with a Spaniard. Our Major told us that we would never put our foot on Cuban soil, and, of course, we believe him before any outsider. Our regiment has a good set of officers and all the boys are well satisfied."

"JOHN SOMERELL."

"My home is Covadale, Lewis Co., Ky. I came to Lexington on June 20th, and on the next day enlisted in the F. S. Volunteer Infantry for two years. I met John and C. S. Somerell, brothers, and was quartered in with John, while C. S. was rejected. John and I have become good friends. One of our chums we became acquainted with on the day we enlisted is Joseph Otis, of Harrodsburg, who is now down with measles, but is on the mend. He belongs to our company."

"The rains have saved the boys many a drop of sweat sweeping the dust out of our camp streets."

"The boys seem well satisfied and appear to enjoy soldiering. I like it splendidly myself."

"Several regiments have left for Porto Rico, and 15 more of Gen. Wade's brigade are to go. But news of peace comes."

"My love to Old Kentucky."

"Chas. A. Hones."

War's Daily Progress.

WEDNESDAY, AUG. 10.

The Administration officially announces the terms of peace offered to Spain. They are the same as previously published. Reports from Madrid say Spain has accepted the principal conditions.

The Americans took Guayama and Arroyo, Porto Rico, which if taken will shorten the road to San Juan, the capital, and avoid the dangerous mountain stations. The outposts of Miles' army are now one mile from Camo, on the military road to San Juan.

Gen. Merritt has 20,000 troops assigned to him in the Philippines. He asks for 30,000 more on account of the attitude of the insurgents.

Camp Alger, Va., has an alarming epidemic of typhoid fever. The 20,000 troops there will be moved to a new camp at Manassas, Va.

Major Gen. Joseph T. Brinkley is now in command of the army at Chickamauga Park.

THURSDAY, AUG. 11.

Spain's actions seem to assure peace, but she wants to play diplomacy on the minor details of the terms.

Whoop! The Cubans under Gen. Garcia are reported to have defeated the Spanish and captured the town of Mayaguez with 500 prisoners, while Gen. Gomez took the town of Gibara and 110 prisoners.

FRIDAY, AUG. 12.

The Administration lets Spain know pointedly that she must accept terms offered or fight out the war. It is feared that Spain will learn of the terrible illness of Shafter's army and will conclude to fight it out, relying upon disease for an ally.

The War Department is preparing with the utmost expedition to remove Gen. Shafter's army to Montauk Point, Long Island. The condition of the troops is desperate and if their removal from Santiago is delayed very long it is feared that sickness will destroy them. Col. Roosevelt says not ten percent of the troops are fit for active work. The commanding general, medical officers of the army, there held a meeting and gave their unanimous opinion that the army must at once be moved out of Cuba or it will perish.

Half of the First Ky. got away from Newport News for Porto Rico early Aug. 4th on the transport Hudson.

SATURDAY, AUG. 13.

San Juan, capital of Porto Rico, will make only a nominal resistance to Gen. Miles, as the Madrid government realizes it would be a waste of life to make a desperate defense. Admiral Sampson has been given command of the Eastern Squadron, that may go to European waters. Commodore Watson will be second in command. Commodore Schley will be in command of the warships left in West Indian waters. Sampson will take all the armored vessels of the navy except the monitors and the Texas, which is being repaired at Brooklyn.

Captain Clark, of the battleship Oregon, has been relieved for six months on account of ill health.

SUNDAY, AUG. 14.

Advices from Madrid say the Spanish government has accepted the peace terms of the United States.

Gen. Shafter's army will be brought home from Santiago to Montauk Point, Long Island, this week. The soldiers will have a five weeks' camp at which to recover their health.

Gen. Haines' brigade after a sharp fight captured the town of Guayama, Porto Rico, losing four men wounded.

An epidemic of mumps and measles will detain the 3d Ky. at Newport News for the present.

MONDAY, AUG. 15.

The American army in four columns is rounding up the Spanish troops at San Juan.

TUESDAY, AUG. 16.

Cambon has Spain's reply. It is said that no territory can be ceded without the consent of the Spanish parliament. That will cause a delay of actual peace.

JUDOK VINCENT HOBKING without opposition was nominated for Congress by the Eleventh district. Republican convention last week, to succeed Col. David W. Colson. The nomination is equivalent to an election.

The Democrats with a majority of some 65,000 voted on Population in Alabama at the late State election. Fusion was fatal in 1896.

The Dowager Empress of China has assumed power, and in Hong Kong's political future are again something. Can't keep a good man down.

Senators have been still believe in him politically and re-nominated him for Congress. Tom is somewhat out of fashion with his party generally.

Tim. Wiscasset young ladies are contesting for the honor of christening the battleship of that name. The winning of such a name battleship is likely to become a matter.

There is beginning to flow in again from Europe, while the Klondike is sending down its millions and the output of the home mines is steadily increasing. The gold standard is here to stay.

Owens to banks, reducing their capital stock. And the cost of money that while the State has this year collected about \$415,000 in taxes from the banks next year it will get more in at \$75,000.

EX-SPEAKER BLANFORD, of the Ky. House of Representatives, of Blackridge country, was nominated for the first ballot at Elizabeth town by the Republican convention for Congressman from the Fourth district. Four others received a small vote each.

CONGRESSMAN TOMPKINS, of the 8th Kentucky district, in connection with the Prison Commission's discharge of State officials, has civil service reform in Democratic store-keepers and gaugers out of office. The spoils system is preferable to hypernormal civil service reform.

It is fairly certain that even if peace is made soon the volunteer army will not be disbanded for a year at least. It will be necessary to garrison Porto Rico and Cuba until their local governments get in smooth working order. The boys of the Second and Fourth Ky. regiments need not despair yet of participating in a campaign where the recruits grow.

There is reported to have her back up because she was forced to arbitrate some differences with the United States dating back to 1884, and has dispatched Commodore Terry to Paris to purchase warships with which to make a demonstration against the Pacific Coast, in the absence of the coast defense ships, and induce the United States to modify her demands. Such frequent exhibitions of national folly on the part of the Spanish republics of Spanish America don't augur well for their future.

This war has proved the surgical and commissary departments of the army to be inefficiently organized, and the transport department on the sea has many exasperating delays in its charge. The largely comes from the national policy of not preparing for the contingency of war in time of peace. Very likely political favoritism has been the cause of the inefficiency. The custom of rewarding favorites with the spoils of office is one more blunder in the breach than the observance. The people have to pay for their own neglect to exact proper conduct from the Government officials they choose.

The readers of THE OUTLOOK, through its publication of them, familiar with many of the essays of Lady Cook (nee Tennessee Claflin), of Richmond, England. Sir Francis and Lady Cook are strong advocates of harmonious action between the United States and Great Britain in international affairs, and in furtherance of that end held an Anglo-American reception in the form of a garden party at their elegant home, Doughty House, Richmond Hill, July 5th. A marked courtesy of the Richmond and Twickenham (England) Times received at this office contains a 14-column report of the reception. Nearly three thousand of the notable people of England passed through the hall of Doughty House and out into the gardens between 3 o'clock and 7 p.m. The grounds of Doughty House were not sufficient to accommodate the guests, and the Wesleyan College, adjoining, threw open its spacious grounds for the occasion. The remarks on the "Indies" column would please our lady readers. The Royal Artillery band gave a musical programme on one lawn, and a band of bell ringers another programme on another part of the grounds. Indoors an elaborate vocal programme was rendered, and poems were recited. Mention is made of the picture galleries, containing a rare collection of paintings by the Old Masters. Outdoor speeches were made approving an Anglo-American alliance or understanding. In the list of over 24 long columns of names of notable present are many names familiar on both sides of the Atlantic. The nobility was numerous represented, while there are many names of high army and navy officers, members of Parliament, noted literary and artist folk, and hundreds of members of the high circles of society.

Evidently the English people as a whole are most kindly disposed towards an alliance, and perhaps by reason of the friendship shown for the United States in the Spanish war have already secured the American people's goodwill to an extent that alliance in spirit is already existent. Looking at the subject from the standpoint of either sentiment, material interests or the world's welfare, next to the world being Americanized we should prefer it to be Anglicized.

The evidence accumulated that Gen. Wheeler was the most common enemy among the higher officers of the military of Southern States, that at a council of war the weight of opinion, led by Gen. Shafter, was that the U. S. Army had not in a place too hot to hold and should retire some miles, but Gen. Wheeler's name, and the name of a common enemy, could not be removed from Gen. Wheeler's report says: "I desire to express my gratitude to Maj. Gen. Joseph Wheeler for his courteous conduct to me and through him to my division under the trying circumstances encountered, though ill and suffering. Gen. Wheeler was so perfectly at home in his own skin that he inspired all of us with a sense of confidence."

proclaiming him the wonder of the age. For this fusion politician, as it has been truly said, has a Populist body with a Democratic head, and he first originated nearly twenty years ago, and he wants to serve the public as an officer, you know. Hence, upon his every action we should keep a watchful eye, for he is not a man with an appetite for pie. He is a fusion for office, politician's narrow gauge, for inconstancies we brand him the wonder of the age.

Early to bed and early to rise, does very well with preachers, and makes a man miss all the fun till he dies and joins the old stuff that are up in the skies. Go to bed when you please, and lie at your ease, and you'll die just the same from a Latin disease.

Lives that a man with nose to red who never to himself had said: "I'll pay before I go to bed, I don't know, but I'll try." Yes, and over there are some who know full well, but they fear, we go to bed, the place where there's no winter.

A friend told me the day before a Spaniard was married who is taken to the bath by his lady friends and keeps on sugar are taken over his head as a forecast of the wedding of matrimony. A year ago he was a bachelor and he is now a married man, and he is now a married man, and he is now a married man.
